'Job-oriented education is the need of the hour'

Yeshwant Mahavidyalaya holds alumni meet

LOKMAT NEWS NETWORK
NANDED, JULY 25

"In modern times, competition in various fields has become tougher. Rising unemployment is one of the major problems facing the country today. This is why employment-oriented education has become the need of the hour," said D P Savant, secretary of Shri Sharda Bhavan Education Society.

He was speaking at the alumni meeting of Yeshwant Mahavidyalaya, here on Sunday. Director of

the Creative Education Council (Finland) Heramba Kulkarni was the keynote speaker. Chief minister's Covid advisor Dr Deepak Mhaisekar, society treasurer Dr Raosaheb Shendarkar, principal Dr Ganeshchandra Shinde and Dr Vijay Bhosale were as

the guests of honour.

Kulkarni further said one needs skills and good friends to lead a good life. "Both of these things can be achieved during college education. College is not just a graduation centre, but it is a social process. Money given by alumni for

the development of the college is a small gesture, but it is necessary," he maintained.

Dr Mhaisekar said if the country wants to be better, it can only be done through the education system. "Life of students will not change unless they know the value of hard work. Technology should be fully accepted along with labour," he added. At the outset, college principal Dr Shinde said the meet was organised to transfer knowledge through alumni. At such gatherings, social commitment is definitely enhanced. The meet was attended by over 130 alumni, department heads, professors, non-teaching staff and students.

4) Funds donated by Yeshwant College Alumni for the construction of Yeshwant Mahavidyalaya, Nanded boys hostel. The Appeal: The hostel is a 'Second Home' for students from economically disadvantaged regions in general and from Marathwada in particular. Children

from hard working communities like peasants, farmers, laborers, come to cities like Nanded with the dream of getting higher education; but due to financial constraints, their parents have to face endless difficulties while keeping their children in the city for education. In such instances, the college hostel gives them a major support. The hostel of Yeshwant Mahavidyalaya has provided shelter to thousands of students coming from rural areas. But due to dilapidation, the hostel of the college has been demolished, which is a great inconvenience to the students of the college. Yeshwant Mahavidyalaya, Nanded proposes to re-construct the Boys' Hostel and appeals its alumni to give a helping hand in the construction of the hostel. Responding to this call, the alumni undertook the task of 'raising funds' to rebuild the hostel for alleviating the inconvenience of the students. It has received a very encouraging and spontaneous response in a short period of time. Many alumni have voluntarily and happily come forward for financial donations and have been making a significant contribution to the bank account of the alumni association. We request our proud alumni to contribute for this noble cause.

In response to the appeal done by the Alumni Association Yeshwant Mahavidyalaya so many alumni from different fields came in front to donate the funds for the construction of boys hostel for the poor and needy students. 15) Remembrance of Shantabai A programme was jointly organized by Alumni Association Committee and Personality Development Committee in the Remembrance of Shantabai on 01 April 2023. The Principal of the college Dr Ganeshchandra Shinde was the chief guest for this programme. Dr Vijay Bhosle, Coordinator Alumni Association and Dr Vishwadhar Deshmukh, Coordinator Personality Development Committee felicitated to Principal sir and the alumni students were felicitated at the hands of Dr Ganeshchandra Shinde sir.

A common complaint about it is that 'the young generation, free to use technology, has turned away from philosophy; But the young generation is interested in the rich literary and cultural traditions of our region, the talented writers and poets who shaped those traditions, and their unique literature. The students celebrated the centenary of Shantabai Shelke in the program 'Remembrance of Shantabai' organized by the Personality Development Committee and Alumni Association committee which shows that there is a kind of love towards these talented people. Shanta Shelke is a multi-talented poetess, lyricist, novelist, fine writer and sensitive critic. Her personality left an indelible mark on Marathi literary culture; Her birth centenary year was concluded recently. All her writings like poems, songs, novels are something 'close to heart' for Marathi lovers of the 20th century; But the young generation who were born in the first decade of the twenty-first century, 'remembering Shantabai's literature' is a different thing!

The program was planned in the form of song singing, poetry reading and appreciation of his selected literature. The program started with the song 'Shur amhi Sardar' sung by Shruti Deshmukh. After that, Asha Dhabey, Sainath Mahadwad along with former student Rohit Ingole presented Shantabai's famous poems like 'Paithni', 'Bharat Mata', 'Oletya Panat', 'He Ek Zaad Hai', 'Shabd', 'Asen Me, Nasen Me'. Students Rahul Chillawar and Pankaj Pawar read the famous memorial articles on Shantabai. Ankush Potgante, a former student, asked 'How to review literature?' Accordingly, the review article written by Shantabai was received. Pragati Telang, a student, presented the invention of Shantabai's talent through the praise of the fine article 'Manavi Prananche Mol'. The song 'Kata Route Kuni' performed by Shruti Deshmukh concluded

17) A Online /offline Guest lecture by Dr Pranali Patil, Research Communication officer, University of Oxford, England. The science communication guest lecture was organized by the Alumni Association of Yeshwant Mahavidyalaya, Nanded on 15-09-2023. **Dr Pranali Patil, Research Communication officer, University of Oxford, England** was the chief guest for this programme. Ms. Pranali Patil gives virtually a very informative and valuable talk about the opportunities in science to UG and PG students. She provided invaluable insights into the significance and scope of science and research communication in today's world.

This online guest lecture started with welcome note by Prof. M. R. Kalambkar Head of the Dept. Yeshwant Mahavidyalaya, Nanded. He introduced chemistry department to Guest and also spoke about achievement of Yeshwant Mahavidyalaya and department of chemistry from the establishment. Dr. Madan Ambhore gave introduction of guest. In addressing to students of Yeshwant Mahavidyalaya Ms. Pranali Patil emphasized that science communication serves as a bridge between the scientific community and the general public. It helps translate complex scientific concepts into accessible language, she has given beautiful example for conveying scientific idea with general public. She also spoke about Dadi's Talk means we first try to convey our science to our grandma if she understands, it very well then only we can presume that we are now eligible to spread the science. This type of experiments helps in making science more understandable and relatable to non-experts. Near about 80 students were present online and offline for this programme. Prof. S. B Junne, Dr. V. N. Bhosale, Dr. S. B. Sirsat, Dr. K. L. Kendre, Dr. S. V. Khansole, Dr. Anil Kuwar, Dr. Datta Kawale, Mr. Santosh Raut, Dr. Nilesh Chavan, Mr. S. Mavaskar and Dr. Snehal Kumar Patil were present in guest lecture and had important role in organisation of this event. Finally, Prof. S. P. Vartale expressed vote of thank to speaker, he also expressed gratitude toward Respected Principal of Yeshwant Mahavidyalaya Nanded for allowing to arrange guest lecture and on behalf of respected principal he invited madam for offline mode lecture in more elaborative way.
