A report on Induction Programme for U.G & P.G .1st Year Microbiology Student's
for Academic year 2023-24

Affiliated to Swami Ramanand Teerth Marathwada

University, Nanded (M.S.)-431602

India

-

Transition from Undergraduate to post graduate course with specialization plays a crucial role in shaping career of a student. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment where everything is new. An important task is to welcome new students to higher education and prepare them for their role: before regular classes starts.

Aim: Purpose of Student Induction programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration.

Objectives:

- 1) To help the students feel comfortable in the new environment and adjust to the customs and practices of the Department & college.
- 2) To enable the students to become familiar with the amenities and accessing the intellectual and physical resources of the institutions.
- 3) To enable the students to understand and have better relationship with the faculty members for setting the pace of fruitful teaching learning experiences.

Change is inevitable. Transition period is always tedious. So is the transition for students from their pre-university academics to professional curriculum. Students deserve time to unwind themselves to forge new relations with fellow students and familiarize themselves with the new environment Induction program helps in making students of first year feel comfortable, creating opportunities to showcase their talents and interests and shape their character. An induction programme is a indication of various in-campus & off-campus activities specially designed for entrants to fill the gap. Therefore, the department of Microbiology at

-

Yeshwant college, Nanded has organized student's induction Programme for academic year 2023-24.

Student Induction Programme for UG &P.G was conducted on 22th August 2023 under the guidance of Prof. S. M. More Head, Department of Microbiology. The session started at 12.00 p.m and concluded at 1.30p.m, in department of Microbiology. Around 110 students for UG &P.G participated in this programme.

The student's induction programme started with warm welcome by presenting rose flowers to students by the senior students. Dr. S.M.More Head, Department of Microbiology addressed and explained about the Institutional and departmental history,ethics & discipline in campus. He also introduced all faculty members of the department to the students and answered all their queries, like scope of Microbiology and its related disciplines and career opportunities after post-graduation. Dr.A.V.Girde shared her experience about students in the past years and encouraged freshers for an interactive session, explaining them the importance of English Communication. Miss.Shweta Tiwari explained the significance of self-discipline in building career for one self. The information about the departmental infrastructure and facilities was given by Mr.Ruturaj Bongane.

Students shared their experiences and discussed difficulties they had faced during their admission. Miss.Mohini Sakhare presented vote of thanks.

Overall, the student's induction programme was held in the department with the purpose to inculcate the ethos and culture of the institution in to the new entrants.
