In addition to this there has been so much information going around on all the academic as well as extra/social curricular activities in about the enrichment, the statistics, about resources and services of libraries, etc. In fact, users are using library resources online/offline to fulfill their academic needs so much information that sometimes it's not mentioned in library statistics. So librarians take care and record it properly.

Respected Sir,

My name is Novelty (Saarvi) Volvaskar a Morjekar and I work as the college librarian at Agni Institute of Technology and Design (AITD), an engineering institute located at Assagao, Goa.

Firstly I would really like to thank the organizers, respected Dr. G.N. Shinde Sir, Dr. K.N. Wadje Sir, Mr. R.G. Dharmapurkar Sir, Dr. Arun Hambarde Sir and Mr. Chetan Takale for having made this webinar possible. Thank you all from the bottom of my heart. The organizing of this webinar has reached the masses ... not only in Maharashtra but to other states as well, hence making it a national level workshop.

I have really enjoyed all the sessions and all the teachings of such eminent speakers.

Due to various personal and professional constraints, it sometimes or rather most of the times becomes impossible to attend outstation conferences or workshops, though I would very much want to attend the same. Because of this webinar I got the opportunity to gain a lot of knowledge and insight regarding NAAC. And this webinar has actually happened at the right time for me as our institute is gearing up for NBA accreditation and whatever I have learnt the processes for NAAC and NBA will almost be same when it comes to the libraries.

I would like to thank all the eminent speakers, Dr. D.K. Veer, Dr. V. Gopakumar, Dr. Nanaji Shewale, Dr. U.R. Agha, Dr. G.K. Hambarde, Mr. Kishor Ingle and Mr. Chetan Takale for sharing their great knowledge with all the participants and very ably clearing the doubts of the participants. Thanks a ton.

Being from Goa, I personally know Dr. Gopakumar, and whenever I have listened to him ... it just wow, fabulous. I have heard the other speakers for the first time and their talks have increased my knowledge manifold. Their talks really made being a part of this webinar worthwhile. A big thank you to all the intellectuals again.

I am looking forward to attending such more webinars from your end.

Kindly keep us informed about future such endeavors.

Thank you once again to all the organizers and eminent speakers for making this webinar possible and for all owing us to participate.

Stay Home Stay Safe.

I request organisers that plz you take registration charges but take zoom app,s paid version. So participants can not suffer and wait for login.

Thank you.
